# Timberline HDZ® Shingles

## Benefits:

- **LayerLock™ Technology** mechanically fuses the common bond between overlapping shingle layers
- The added strength at the common bond powers the **StrikeZone™** — the industry's widest nailing area
- **Up to 99.9% nailing accuracy** — the StrikeZone™ nailing area is so easy to hit that a roofer placed 999 out of 1,000 nails correctly in our test<sup>2</sup>
- **Up to 30% faster nail fastening** thanks to the industry's largest nail zone
- Our legendary **Dura Grip™** sealant pairs with the smooth microgranule surface of the StrikeZone™ nailing area for fast tack. Then, an asphalt-to-asphalt monolithic bond cures for durability, strength, and exceptional wind uplift performance.
- **WindProven™ Limited Wind Warranty<sup>1</sup>** — when installed with the required combination of GAF Accessories, Timberline HDZ® Shingles are eligible for an industry first: a wind warranty with no maximum wind speed limitation
- **25-year StainGuard Plus™ Algae Protection Limited Warranty** against blue-green algae discoloration.<sup>3</sup> Proprietary GAF Time-Release Algae-Fighting Technology helps protect your shingles from unsightly stains.
